

Pet Passages® Fingerlakes *Euthanasia Services*

Euthanasia is a difficult decision, and we advise consulting your veterinarian for their expertise on this topic. While Pet Passages® does not offer this service directly, we have close partnerships with several traveling veterinarian services in our area. These veterinarians are able to use our facilities if you would prefer the euthanasia procedure be done here.

At Pet Passages®, we understand that many pets and their families feel anxious or rushed in a traditional veterinary setting. That's why we've created a loving, peaceful, and calm space where your pet's transition can take place with dignity and comfort.

When you choose to have this procedure with us, your pet will remain in our care throughout the entire process, and their ashes will be returned to you within 3 business days.
